FISH HATCHERY PROPOSED FOR TIERRA BLANCA

Streets On Square Are To Be Widened

COUNTY AND CITY AGREED ON PROJECT

Widen Street to Present Grass Line on the Lawn of Court House is Now Planned

Widening the streets around the public square will be submitted at once as a WPA project.

A group of business men went before the Commissioners Court Monday and presented the proposition. The court agreed at that time to participate in the project if the City Commission would bear its proportional part of the cost. This was agreed to by the city officials.

C. N. Harrison is working out the details and the project will be submitted at once.

It is proposed to widen the street to the present grass line. A curb will be run and the 40 foot space now covered with gravel will be topped with caliche and asphalt. The lights will be moved back to the new curb line.

This will give the square a sufficiently wide street to avoid congestion on busy days, and to eliminate the danger of accidents when cars back out. During the past year there have been several very costly accidents on the square by cars backing into moving traffic.

By eliminating the parallel parking on the inside of the streets, more cars may be accommodated than is now possible, and most of the dangers will be eliminated.

In making the improvements, the driveway which now runs from the west and north streets up to the court house will be eliminated and grass will be planted on the present drive.

It will take some time to get this project through WPA, but it was believed by the men attending the meeting that the campus projects, the underpass and the new postoffice building would take care of all WPA men through the winter. No definite word has been received as to when these two constructions will be started, but it will likely be in the near future.

Plans Being Made To Entertain Legislators in Dec.

Plans are being made to issue invitations to all members of the legislature who reside in West Texas to attend a dinner at W. T. early in December.

Several weeks ago the Chamber of Commerce voted to join President J. A. Hill and members of the faculty in entertaining the group of legislators before the regular session opens in January. The date selected will probably be Dec. 3rd.

Senator Clint Small and Representative G. H. Little approve the plan to have the legislative group visit the campus this fall, and will assist in securing a large delegation for this occasion.

CCC Company Is Scheduled to Arrive on Monday

The new CCC Company for the Palo Duro State Park is scheduled to arrive next Monday. The company will be transferred here from Bonham.

The barracks at the camp have been completely remodeled since the negro company was moved out three weeks ago, and will be ready to receive the company next week. The company is composed of youths 18 to 25 years of age.

Keiser Herefords Will Be Auctioned

Last of Famous Herd To Be Sold Next Monday at Keiser Farm North of Canyon

One of the largest sales of registered Hereford cattle for 1936 will be held next Monday at the Keiser farm one mile north of Canyon. The sale will be the final Dispersion Sale of the Hereford herd owned by Mrs. C. O. Keiser Cook.

The herd is one of the most noted in the nation. During the lifetime of Mr. Keiser, he established a record of owning the largest line-bred herd of Herefords in the world.

The sale has been widely advertised and Mrs. Cook stated yesterday that she had never received so many letters from breeders thruout the middle west as have come regarding this sale.

The Kansas City Daily Drovers Telegram of last Thursday had an interesting article regarding the sale as follows:

LAST OF KEISER HERD OF HEREFORDS TO SELL

The C. O. Keiser herd of Herefords, which was located at Canyon, Texas, was one of the greatest in the Lone Star state, and when it was dispersed about five years ago, after the death of Mr. Keiser, it was decided to save a few of the best cattle for Tom Davies, who had been with the Keiser interests over 30 years. As a consequence, Mr. Davies, who knew the herd better than anybody, selected a number of the top cows as the neucleus of herd. These were kept on the home ranch and no females except those not coming up to a certain standard, were ever sold. Of these good cows was used Beau Blanchard 131st, Jr., a triple Beau Blanchard bull that proved to be a sire of unusual merit.

Since the death of Mr. Davies about a year ago, Mrs. C. O. Keiser Cook finds it impossible to give the herd the necessary attention and has decided to disperse it at auction on Monday, Nov. 16. The offering is made up of about 50 head and will include 30 daughters of Beau Blanchard 131st, Jr., whose sire was an own son of Beau Blanchard, whose dam was by Beau Blanchard 95th, and whose second dam was by Beau Blanchard. There will also be eight daughters of Rex Domino, four daughters of Blanchard Domino, and others by Superior 55th, and Prine Paladin. Every cow is a regular producer of good calves, the two-year-old

Armistice Day Is Celebrated Yesterday In Canyon

Armistice Day was quietly observed in Canyon yesterday. All business was suspended for the day, and very few citizens were on the streets during business hours. While many citizens accompanied the Eagles on the trip to Hereford, others spent the day on picnic excursions to the canyons, or in visiting friends.

Sunday services were held at the Baptist Church last Sunday morning. Rev. J. R. Hicks preached the Armistice Day sermon, which was attended by forty ex-service men.

A dinner was served yesterday at noon at the Legion Hall, which was attended by ex-service men, their wives and children. It was the largest attended dinner that has ever been served on Armistice Day by the local post.

A dance was held last night at the Hall, with game tables for those who did not care to dance.

A report was made yesterday that the Palo Duro Post has exceeded its quota of membership, and a number more ex-service men in the county are expected to join in the near future.

Special Train Saturday For Roswell Game

Train Leaves Saturday Morning at 9:00; Buffaloes in Fine Shape For Cadets

A special train is being arranged to carry the Buffalo Band, W. T. students and citizens of Canyon to Roswell Saturday for the Buffalo-Cadet annual football game. The train will leave at 9 o'clock Saturday morning, returning after the game. The round trip fare is $2.95. Practically 200 persons had signed up for the train this morning. Citizens who will join the train are asked to telephone the depot or Travis Shaw at once.

Cheered by another victory last Saturday, the Buffalo squad will leave this afternoon for Roswell where they will encounter the speedy New Mexico Military Institute, Saturday afternoon.

The tally for the Buffs' season now stands: 7 games won and one tied. The Buffaloes remain the

Quattlebaum Has Returned as Pastor Local Church

Rev. J. O. Quattlebaum was returned by the bishop to continue his pastorate of the local Methodist Church. He has served three years in the local church, and presented a very satisfactory report to the conference on the work of the past year.

Rev. J. O. Haymes will continue as presiding elder of the Amarillo district, of which the Canyon church is a part.

RED CROSS ROLL CALL STARTS

Annual Drive For Members Will Take Place on Friday and Saturday in County

The annual Roll Call of the Red Cross will be conducted in Randall county Friday and Saturday.

Mrs. Ray Campbell is chairman of the Roll Call and will direct the work of the annual feature in which it is hoped to reach every citizen of the county.

Mrs. Campbell will be assisted by a number of local women in making a canvass of the business district Friday. Tables will be established at the bank or the court house where citizens of the town and county may leave their annual membership should they fail to see a worker.

Miss Ruth Cross is making a canvass of the College, while Irby Carruth will direct the campaign in the public schools.

A large percent of the money will go to the local committee to be used for child welfare, and for work among the needy of the city and county. In years past the Red Cross has secured hundreds of dollars worth of clothing and provisions from the national headquarters which were distributed in the county.

Mrs. Campbell hopes to close the campaign Saturday and to report that Randall county has raised its quota for this needed work.

The following is the schedule of Roll Call memberships:

$1.00, annual.
$5.00, contributary.
$10.00, sustaining.
$25.00, supplementary.
$50.00, life.
$100.00, patron.

Mrs. Ray Crowder of Clovis has been visiting this week at the parental W. I. Wester home. She returned to her home yesterday.

Canyon Eagles Win Over Hereford Team

Score of 20-0 Yesterday at Hereford; Eagles are Superior in Most Departments

The Canyon Eagles clawed the Hereford Whitefaces yesterday afternoon by a score of 20 to 0 in the best game that the Eagles have played this year. The Eagles scored in the 2nd, 3rd and 4th quarters.

The Whitefaces penetrated the 20 yard marker twice during the game, but only in the second quarter was there a serious threat of a score.

This year is the first time since 1932 that Hereford has not been district winner in the conference. Both Hereford and Canyon have been defeated by Tulia, and the result of the Happy game Friday stands only between Tulia and the district title.

In the statistics of the game, Canyon showed superiority in practically all departments of the game. Ten first downs were made by the Eagles as compared to 5 for Hereford.

Hereford completed 6 forward passes out of 11 trials, but the yardage gained was only 17 yards. One of the passes attempted by the Whitefaces was intercepted by Fairey Hill on his own 5-yard line, and behind perfect blocking was converted into a touchdown.

Canyon received 7 penalties, amounting to 55 yards, while Hereford escaped with only 1 penalty of 5 yards.

Canyon received the opening kickoff and started down the field with Rusk, Butler and Gill toting the ball. The march was stopped near the center of the field and a kick placed the ball on Hereford's 35 yard line. Hereford fumbled and Gill recovered on the 15 yard line, where the quarter ended.

The Eagles marched to the 2-yard line where a 5-yard penalty set them back. Gill and Rusk gained, the latter going over on the third down. Goal failed.

The balance of the quarter was Hereford's with a steady march down the field, which threatened to end with a score for the home team. The whistle ended the

Farmers Asked To Meeting At Dalhart on 18th

Government Officials To Discuss Measures Affecting Future Development of Plains

Representative farmers in every section of the Great Plains drouth area are being requested to meet with the President's Great Plains drouth committee in Dalhart, on November 18. The meeting has been arranged in order that committee members may receive first-hand reports and recommendations from those nearest the problems.

Because it is possible that the administration's future land use program for the Great Plains region will be largely dependent upon the findings at the Dalhart meeting, the committee is anxious to advise with farmers in every section of the region recently affected by drouth and wind erosion.

Election Returns of Precincts Are Opened by Court

Returns from the general election held last week were opened in Commissioners Court Monday at the regular session of the court.

Tabulation of the returns from the various precincts are being made by Judge Burney Slack and the official returns will be forwarded this week to the Secretary of state.

Name of Athletic Club Is Changed to W. T. Buffalo Club

West Texas State Buffalo Club is the name which has been adopted to succeed the Canyon Athletic Club. The organization has been in operation for a number of years under the former name. The change was made in order to induce more exes of W. T. and athletic fans of surrounding towns to take an interest in its activities.

The club has been responsible for raising a considerable sum of money which was used in the construction of Buffalo Courts and the Recreation building. In this building 66 athletes of W. T. are housed.

C. H. Jarrett is president of the club and has devoted much of his time to the construction projects which are underway on the campus. Mr. Jarrett, Coach Al Baggett and Donald Trolinger are making a canvass of Canyon and Amarillo seeking donations to carry on the work of the club during the coming year.

SING SONG BAND TO MEET AT RALPH SUNDAY

MARVIN JONES WILL ASSIST IN DAM PROJECT

Mrs. Hal Peck Is Favorable To Establishing a Fish Hatchery On Tierra Blanca

SURVEY STARTED

WPA Officials Are Favorable To Project and Will Assist in Getting Started

A fish hatchery on the Tierra Blanca will be possible if the proposed dam is constructed.

Mrs. Hal Peck, member of the Texas Game, Fish and Oyster Commission, was here Friday conferring with S. H. Condron regarding the project. She was accompanied by Bob Puckett, deputy game warden for this district.

Mrs. Peck stated that efforts had been made for some time to secure a fish hatchery in the Panhandle, but no adequate supply of water had been found for such a purpose. She is greatly interested in the project on the Tierra Blanca, and believes that if the dam is built the location is ideal for the hatchery.

E. H. Gohmert is making the survey on the proposed site, and will likely have drawings made within the coming week.

W. P. A. officials have been interviewed, and have expressed interest in such a project, although the construction might be hampered under this department for the reason that all WPA projects must be figured on the basis of being completed at the end of the government's fiscal year on June 30. If the project is approved, it is possible that the location of a CCC camp would be the solution for this work.

Officials of the federal government have been requested to visit the proposed site with a view of asking aid as a conservation measure. Congressman Marvin Jones will likely make an inspection of the project in the near future in order to be thoroughly acquainted with the land should the project reach congress in the session which starts in January.

Sons and Daughter H. B. Hales Enter Dallas 4-H Show

W. H. Upchurch and Nash Thompson returned Monday from Dallas where they accompanied Elizabeth Hales, H. B. Hales, Jr., and Joe Hales, who are showing five Holsteins in the 4-H state show.

The judging was held yesterday but no word was received from the Hales entry. However, according to reports, this herd will practically sweep the Holstein show as it has in other shows.

Red Cross and Education Week Talked at Club

Irby Carruth presented two subjects at the Rotary Club luncheon Tuesday. The Red Cross Safety movement and Education Week were discussed briefly.

Miss Ruth Cross discussed the safety movement as sponsored by the Red Cross. It has been figured that accidents in homes are costing the American people $1,000 for every minute of every day of the year. 80 persons are killed every hour of every day; 500 are injured during the same time. Accidents in the homes almost equal the number of Automobile accidents. Neglect and carelessness are the cause of most of these accidents.

Falls and burns are the most common causes of home accidents. Miss Cross showed charts giving the places for the most accidents. of the falls, 39% occur in bedrooms; 21% in living rooms; 16% on stairs; 11% in kitchens; 4% in bath rooms; 6% in living rooms.

Of the burns, 57% occur in kitchens; 19% in living rooms; 12% in bedrooms; 4% in bath rooms.

THE NEW VOTERS

Without doubt the young, new voters very largely had their way in the election last week. The Democratic victory of President Roosevelt amounts to more than 10,000,000 votes. It was estimated recently that possibly 6,000,000 young persons would be casting their first vote for President. President Roosevelt's helping hand extended to humanity during the past four years appealed to the young voters.

The shriveled, narrow, selfish ideals of the Republican party as represented by Al Smith, the Morgans, DuPonts, Hearst, Hoover, Jeffersonian Democrats and the other irresponsible gang which backed Governor Landon, was too much for young, progressive voters to swallow.

The colorless Landon, with his flat radio voice and his shifting national ideals were no match for the magnetic personality of President Roosevelt. Governor Landon is a good man in Kansas, a fine character among his people, but entirely lacking in national appeal.

Another victory for the young voters was registered in Texas. Five constitutional amendments were adopted to one being rejected. The young voter no longer holds in awe the constitution. The young voter believes that the constitution should be kept up-to-date to meet the changing needs of the changing times. The things which were true in 1875 are no longer true in 1936. Government has not kept abreast with the times, and it is evident that the youth of today wishes to see his government made responsive to the present changed conditions.

Time was in Texas that nearly every constitutional change was rejected by the people. That has changed in Texas.

During the national campaign we heard many solemn speeches by Republicans as to the sacredness of the constitution. It is clearly evident in the minds of the people now that the voters of this nation are no longer bound to the ideals of the horse and buggy days. No one with a thimbleful of brains can logically maintain that the President and the Democratic leaders contemplate or intend to overthrow the constitution by making radical changes. But the constitution of today should either be interpreted to meet the needs of 1936, or should be changed so that the "Nine Old Men" can clearly read that this is a government of the people of 1936, and that the government is not an antiquated, worn out piece of machinery.

The national victory could not have been complete without the masterful direction of Jim Farley. That man certainly knows human nature, and how to keep his organization working at the job. It is well known that Farley has political ambitions, but at the same time it is likewise well known that he has spent everything he ever possessed in fighting the Roosevelt battles. His family urges that he quit politics and go back into business. Whether you like Farley or not, you must admit that whether he stays in politics or goes into business he will make a great success. He carefully maps out his campaign, turns neither to the right nor the left, takes it on the chin whenever he is attacked, never pulls a punch, but through it all is cheerful, serene, and wears an everlasting smile. Farley greatly resembles President Roosevelt in his attitude toward the people.

Those who predict the end of the Republican party may have another guess coming. Teddy Roosevelt practically wrecked the party in 1912, but it came back. However, it is agreed there is a growing tendency for the growth of a conservative and a progressive party in this nation. This was practically the case in the election last week. It may be that party lines will be further broken in 1940, and those who deplore progressive ideals in government may openly flock to the Republican party, while the progressives take the name of Democrats.

The folding up of Lemke, Townsend and Coughlin was the most remarkable thing about the campaign. Townsend claimed millions of followers, and Coughlin claimed he would deliver 6,000,000 votes to Lemke. The Union Party received only 750,000 votes, and Townsend lost a large percent of the congressmen who had espoused his impractical cause. Coughlin has been revealed—a radio windbag, egotistical to the extent of thinking that the nation was listening to him and believing what he jabbered about.

President Roosevelt is a wise man. He heard enough criticism during the campaign to ascertain which of his past policies were really approved by the thinking people of America, and those which should be junked. For some time it was rumored that several changes were pending in Washington. As a matter of fact many of the super radicals which slipped into the administration fortification during the stressing times of 1933 have been relegated to the rear.

If there may be made a prediction at the present time it is that for the next four years President Roosevelt will lead the nation along more conservative lines, but at the same time demanding that those progressive measures which he sponsored for the benefit of the common people of this nation to strengthen. We firmly believe that no president since Lincoln has had such a great and warm heart for the people of this nation, and that none will do more to make the government responsive to the needs of the people.

The President will balance the budget, according to his first announcement after the election. That would please the most severe critics of the administration.

The stock markets zoomed to new heights the day following the election, indicating that the people are no longer afraid of elections and the result of the election.

It can truly be said: "Happy Days are Here Again!"

State Representative W. O. Reed of Dallas is greatly peeved at the voters of his county for having voted in favor of the state constitutional amendment that will limit the number of state representatives in the large counties of Texas. He charges that the people of his county showed a lack of intelligence in supporting an amendment which would limit their representatives. Mr. Reed used the very argument that The Canyon News has used in favor of this amendment. We charged, and still maintain, that the county districts of Texas show more intelligence upon all political questions than do the cities; that the people of the country know more about politics and political questions; that blocks are impossible in the country while they prevail in the cities. The amendment carried, and from now on the large cities will be curbed in the number of representatives. Re-districting of the state is the next step, and no doubt will be accomplished by the next legislature.

The press of the United States has certainly overplayed the heart attack of King Edward in his fascination for Mrs. Wally Simpson. If the King wishes to marry the American beauty, what business has the American public to cast insinuating remarks about the affair? Why not an American alliance with England? Can any one conceive of a stronger union for Britain than for the King to marry an American girl? Royal marriages in Europe have been cast on a commercial basis in the past. The young King seems to have pretty much of a mind of his own and has chucked precedents to the wind. It has long been recognized that a union of English speaking peoples could have a sobering effect upon warmad dictators of Europe. Perhaps this marriage would strengthen the good feeling that should exist between the nations.

Jesse Jones has made a wonderful record as head of RFC. He has loaned billions of dollars, and according to his reports, this department of government is more than paying its own way. Mr. Jones has been boomed for president by his friends. While one of the sanest and wisest men in the nation, he has no chance for election. His radio voice is far below the average.

Hearst returned from a three months tour of Europe to predict that Landon would be elected. He continued in an interview that all nations of Europe are broke and there is no danger of war. If Hearst is no better forecaster of European events than he is of American politics, better look out as bullets may be flying before morning.

Mussolini has issued a warning to automobile drivers in Italian cities. To defy Mussolini means off with the head of the violator. His warning is: "Use your eyes and your intelligence instead of your horns." All of which is good advice to motorists in any city.

Five Buffaloes Play Last Game Here Saturday

Captain Has Led Fellows Through Unusual Season

Five seniors of West Texas State's 1936 grid edition promenaded before home fans for their last exhibition Saturday in Buffalo Stadium against the New Mexico Normal University.

Four of the graduating Buffaloes have held down regular berths on the varsity eleven during the entire season.

Captain Leo Jackson, Floydada, has so far, piloted the Buffs thru one of the most successful seasons in the history of W. T. He has lettered three years at the pivot post.

Toby Waggoner, Hale Center's contribution to the Buffalo squad will receive his second letter at the termination of the year. Waggoner played two years with the Badgers from Amarillo College before coming to West Texas.

Ezell Champion, Memphis, has lettered three years. He has carried the responsibility of selecting Buff plays this year.

Vernon Johnson hails from Childress and has also lettered three years. He has changed from the secondary to fill a vacant terminal post.

George Caviness, Causey, N. M. letterman, received a shoulder injury early in the season and has been kept on the side line most of the year.

Head Librarian Attends Meeting at Houston Recently

Miss Tennessee Malone, head librarian here, recently returned from a meeting of the Southwestern Library Association at Houston.

This association is composed of librarians and interested citizens of Louisiana, Arkansas, Oklahoma, Arizona, New Mexico, Old Mexico, and Texas.

According to Miss Malone, the objectives of the Library Association are: co-ordination of libraries in the interest of research and education, state certification of librarians, regional public libraries, state aid for libraries, strong state library leadership, federal library agency, federal aid, and more trustee and citizen participation in the library movement.

"We are especially interested at this time in regional libraries and state aid to help establish them," said Miss Malone.

Plans Underway For Next Session of Summer School

Plans for the 1937 summer session are already underway. The President and the Executive Committee were in session yesterday afternoon to consider plans for special and regular features of the twelve week's summer term.

The Art Colony was so successful last year that its continuance next year is certain, and plans are under way for an eastern tour which will take a large number of students to Chicago, New York and several cities in the Dominion of Canada.

An advertising campaign will take information regarding W. T.'s splendid climatic advantages, beautiful plant, and well-chosen faculty to prospective students in every section of the State.

Dean Jarrett says "This college belongs to the whole of Texas; certainly in the summer session we should have a student body coming from every part of the state, with a large representation from the counties of the south and east portions. These students would find our summer climate invigorating and our offerings satisfactory."

CITY FEDERATION CHRISTAMS NEEDS

At the regular meeting of the City Federation yesterday afternoon, Mrs. C. H. Stratton, head of the Community Chest, announced that many articles of clothing were badly needed, such as shoes, and men's hats and trousers. People who have these items of clothing they no longer wear, are urged to get in touch with Mrs. Stratton or take them to the chest room in the First National Bank Building.

The Federation suggested that different clubs, who usually distribute Christmas baskets, get together this year and organize their work in order to facilitate the handling of the baskets, and prevent the many duplications that are usually made.

MISS McBRIDE AND MR. WESTER MARRY SUNDAY

Miss Ruby McBride of Amarillo and Mr. Randall Wester, formerly of El Paso, were united in marriage Sunday, Nov. 8, at two o'clock p. m. The impressive ring ceremony was read by the Rev. R. RED CROSS HIGHWAY POSTS AID INJURED

1,000 Function At Key Points To Give Emergency Care To Traffic Hurt

Highway first aid stations, set up by the Red Cross to give emergency care to victims of traffic accidents, are saving lives, according to James L. Fieser, vice-chairman in charge of domestic operations.

"More than 1,000 of our emergency posts are already operating in 47 states and thousands of others will soon be established at key points along America's highways," Mr Fieser stated.

The Red Cross highway posts are concentrated at danger spots in rural areas where medical aid is not readily available. The importance of this coverage of the open road, the Red Cross holds, is given sharper emphasis by the fact that there has been a 150 per cent increase in rural traffic fatalities during the past twelve years.

The project was initiated last year on a national scale as a practical approach to the highway accident problem. The Red Cross felt that it could best apply its strength by succoring those who continue to be injured pending a reduction in the highway accident rate through legislation and safety education.

"Our program brings first aid skill to the scene of accident in an effort to reduce the number of persons killed and maimed in automotile mishaps," Mr. Fieser said. "Our highway first aiders are not medical men in any sense, but it is their job to turn the injured over to the medical profession in the best shape possible."

The Red Cross highway posts are established at gasoline service stations, tourist homes, rural police and fire departments. The personne of the posts are trained by the Red Cross in first aid, standard first aid equipment is installed at each station, and identifying signs for the benefit of motorists are erected beside the highway at both approaches to the station.

The attendants of these roadside units who qualify as first aiders volunteer their services through the Red Cross and may under no circumstances accept pay for caring for the injured.

To complement the highway first aid stations, the Red Cross has announced formation of mobile units. Several thousand trucks which regularly ply the highway in the course of routine work will be equipped with first aid kits. Drivers and crews will take courses in both standard and advanced first aid, and each truck will be identified as a Red Cross mobile unit. More than a hundred trucks are already operating.

"The highway police of eight states who have finished first aid training will join this army mobilized to cut accident fatalities and prevent complication of minor injuries through mishandling at the scene of accident," Mr. Fieser said.

"We receive reports from our first aid stations daily, telling of essential care given to traffic casualties on the spot and of lives actually saved."

This and many other Red Cross programs of equal value are supported by the people of America during the annual Roll Call for members. This year the Roll Call will be held from November 11 to 2[illegible]

Red Cross Potential Life Savers Number Nearly 2,000,000

First aid and life saving certificates issued by the American Red Cross since the start of the service 26 years ago now number 1,888,702. During the past year the Red Cross qualified 222,693 persons in first aid and taught water safety and rescue methods to 80,961.

This army of First Aiders and Life Savers is one of the great safety factors in the nation. They are trained to give immediate first aid at the scene of accident, thus saving many lives and preventing permanent injury. Red Cross training includes skill in treating for shock, splinting fractures, checking arterial bleeding, applying artificial respiration, towing drowning persons to safety, and in the safe handling of boat and canoe.

Last year the Red Cross reached 10,000,000 homes with check lists of accident hazards in a nation-wide program to reduce the incidence of home and farm accidents. This year home accident fatalities were cut by several thousand according to statisticians. A similar campaign has been launched this year through Red Cross chapters.

Art Classes Hold Laboratory Period In Nearby Canyon

Eighty members of the Art classes used a 15,000-acre laboratory Friday.

Under the direction of Miss Isabel Robinson and Miss Marilyn Miller, they spent the afternoon studying color and line and mass, and putting their impression into sketches which were to be finished later in the campus workroom.

The class that was working on figure drawing found it easy to use each other as models; the water color painters became ecstatic over the colors of frosted cottonwood foliage and red, brown, rose and purple rock masses. There was a subject for every interest.

Large flocks of robins, blue birds, juncos and other feathered denizens of the canyon depth furnished additional interest for the trip, and the tracks of a doe with tiny hoofprints of a fawn beside them prepared some of the artists for the sight of the deer hurrying away through the undergrowth.

Everybody carried his own lunch which was supplemented by hot coffee and cakes furnished by W. T. Taylor, manager of Palo Duro Park concessions. Mr. Taylor has assisted the college in making arrangements for the excursion.

In the summer, W. T. conducts the Palo Duro Art School in the canyon, the students living in the cool, thick-walled, picturesque stone cottages which were visited Friday. Coronado Lodge was also seen by the students. In summer it is used as a studio for the Art Colony.

Other laboratory periods in the canyon are planned as part of the year's work.

EPISCOPAL CHURCH

Mr. Warren G. Davis of Amarillo will conduct the service of Evening Worship at All Saint's Episcopal church on Sunday evening at seven-thirty. All persons are cordially invited to take part in the service of worship and afterward to join in the fellowship at the Little House just back of the Church.

LOCAL NEWS

J. E. Latta of Delta, Colo., was here Friday visiting with friends. He was telegraph operator at the depot before he enlisted during the world war.

Mrs. Tony H. Hardy and two daughters of Montclair, N. J., spent Friday night in Canyon. They visited the Palo Duro Park and were highly impressed with the beauty of the scenery. "It is a miniature Grand Canyon," stated Mrs. Hardy.

Miss Helen White Moore went to Clarendon Sunday where she reviewed, "Gone With the Wind" before a meeting of the P. T. A.

D. L. Hickox is here visiting in the Emmett Prichard home. He has been for six weeks, but is now improving.

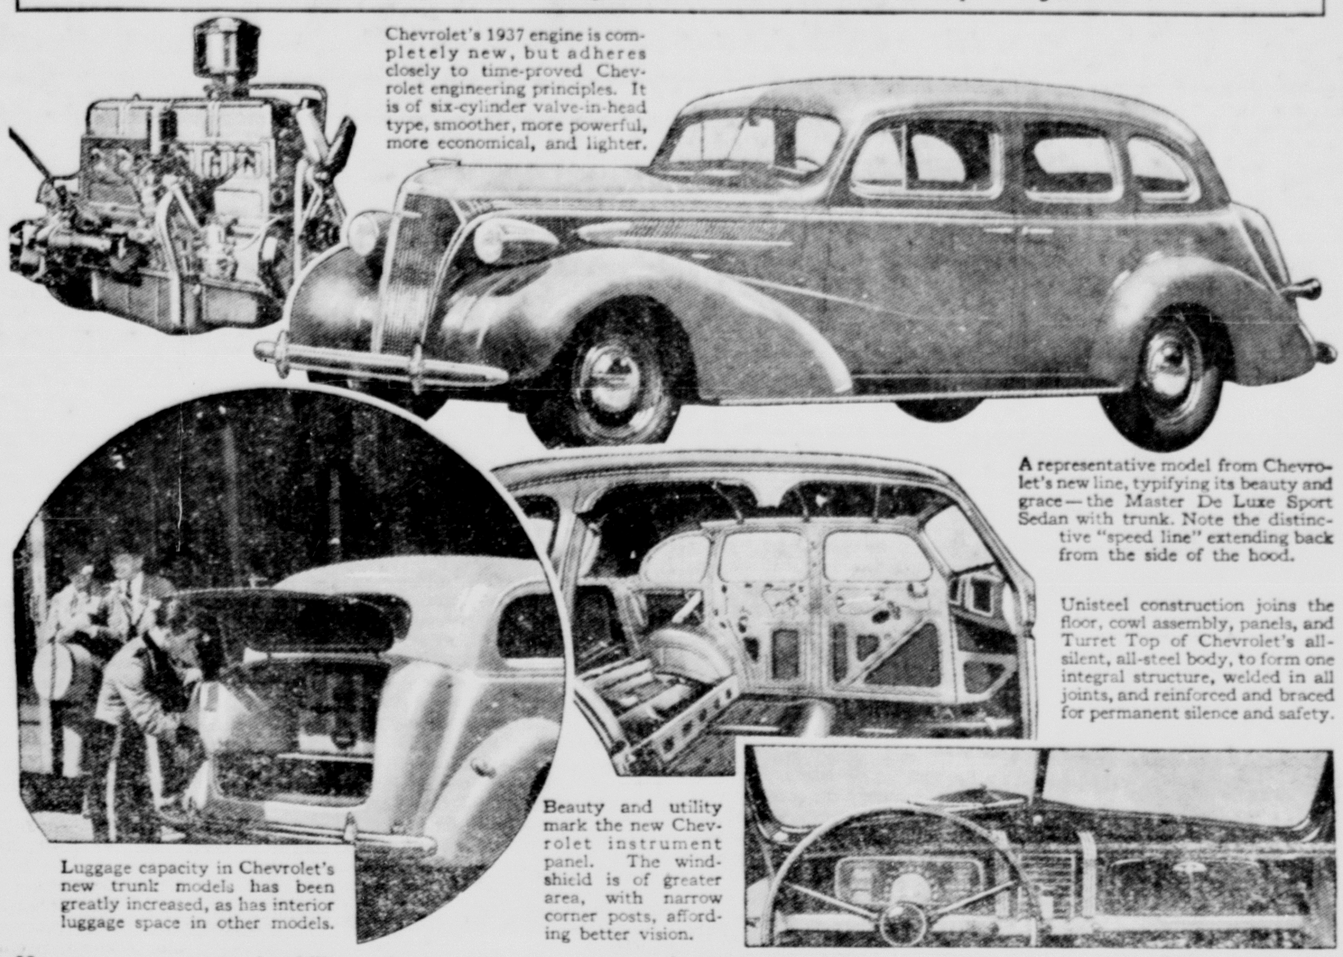
Performance, Beauty and Safety Mark Chevrolet's Completely New Cars



Chevrolet's 1937 engine is completely new, but adheres closely to time-proved Chevrolet engineering principles. It is of six-cylinder valve-in-head type, smoother, more powerful, more economical, and lighter.

A representative model from Chevrolet's new line, typifying its beauty and grace—the Master De Luxe Sport Sedan with trunk. Note the distinctive "speed line" extending back from the side of the hood.

Unisteel construction joins the floor, cowl assembly, panels, and Turret Top of Chevrolet's all-silent, all-steel body, to form one integral structure, welded in all joints, and reinforced and braced for permanent silence and safety.

Luggage capacity in Chevrolet's new trunk models has been greatly increased, as has interior luggage space in other models.

Beauty and utility mark the new Chevrolet instrument panel. The windshield is of greater area, with narrow corner posts, affording better vision.

New power, economy, durability, safety and comfort, coupled with striking new beauty, characterize Chevrolet's new models for 1937. They are offered in two series, Master and Master De Luxe, virtually identical in appearance.

Chevrolet's fully-enclosed Knee-Action is furnished at no extra cost on the Master De Luxe models; and new Syncro-Mesh transmission, and safety plate glass all around at no extra cost, feature all models of both series.

Unseat 'Old Guard' Republicans in Senate

Following the crest of President Roosevelt's enormous tidal wave of votes, Democratic candidates for the U. S. Senate won smashing victories in important states, unseating old guard Republican incumbents, some of whom had served several years in Washington. Four new Democratic senators shown above, left to right, are William H. Smathers, New Jersey, defeating the veteran Senator Warren W. Barbour; Prentiss M. Brown, Michigan, defeating Republican ex-Gov. Wilbur M. Brucker; James H. Hughes, who triumphed over the veteran Daniel O. Hastings of Delaware; and ex-Gov. Theodore F. Green, defeating Jesse H. Metcalf, old-time Republican leader in Rhode Island.

A Proud Grandfather, Too!

While the nation's interest centered on its re-elected president, Franklin D. Roosevelt, the chief executive himself was otherwise interested. He cuddled on his lap his 8-month-old granddaughter, Kate, daughter of Mr. and Mrs. James Roosevelt, while the Rev. Frank Wilson, rector of St. James' Episcopal Chapel at Hyde Park, performed christening ceremonies. Little Kate behaved the part of the perfect leading lady. She wiggled her toes and the president smiled, but there was no other sound during the christening.

"Now I Lay Me—"

This child was hurt when a tornado struck Tupelo, Mississippi, necessitating medical and nursing care for hundreds—care which in many cases could not have been given without Red Cross assistance. It is a fine tribute to the organization that the young beneficiaries of its health and relief services invariably place themselves in the hands of the Red Cross with a completely confident, "Now I lay me—."

THE EAGLE'S TALE

Eaglettes Open Season Tonight

VOL. NO. 11. CANYON, TEXAS, NOVEMBER 12, 1935. NUMBER 9

Wal, folks, it looks to me like we have got the best football team in this here west. I never seen such fightin' as them Eagles did Wednesday and Friday in me life.

That Marielle Oldham has somebody's name written all over her books. It's some gals; but it shore would be keen to have a litttle gossip.

Seems to me like the Canyon Hi kids outdid the Buffs on painting the town white; anyway it helps.

I hear that there were about four pep girls that nearly got left at home Friday; Carolyn, Evelyn, Marielle and Annie May shore were skeered they wouldn't get to see the Eagles beat Dalhart.

Seems as though it is getting to be a fad for these dizzy dames to tumble out of seats and spread out on the stairs. Doneta O'Dell spent all last Monday in the lounge after fainting. If I was a young gentleman, I'd watch for one of those opportunities.

I'm shore gonna see them basketball girls lick Union Hill. One of them basketball girls, Kate Donnell, told me she just had to have her name in Cactus.

Wal, Betty Ruth, how does it feel to be lucky and win an electric lamp? No wonder you couldn't make a speech; I never could, either, when I held the lucky number—only I never did.

Some of these teachers shore are smart, like Mr. Brown in civics; but then, some of 'em, like me, aren't so smart.

People shore must want to back the Eagles the way they bought "Beat Hereford" tags.

Yours till bananas peel off.

READ A BOOK DURING NATIONAL BOOK WEEK

Do you read good literature and develop your mind? Why not read books and magazines that broaden your wisdom, and let you know about every phase of life?

Good books inform, educate, increase your vocabulary, and make you see things as they were in the past and how they are at the present.

National Book Week will be observed the week of Nov. 15 to 24, by clubs, schools, and other public organizations. Posters and booklets will be made, and many other things done to encourage the reading of good books, that will inform educate, and at the same time entertaain you.

Don't you think everyone should make an effort to read at least one good book during book week?

SHALL AMERICAN PATRIOTISM END WITH POPPIES?

Were you patriotic on Armistice Day? By patriotic we don't mean did you stand up when the "Star Spangled Banner" was played, wear a red popy on Armistice Day, or give a salute to the American flag everytime it passed. Patriotism means to love, honor, and obey the laws of your country and make America safe from future wars with other countries.

The world will never be safe so long as every other man carries a gun and is ready to use it. The only way for the world to be safe is to do away with all arms and ammunitions. Then we should have but one Armistice day to remember.

Charging Eagles Defeat Wolves By 20 to 7

The Canyon Eagles defeated the Dalhart Wolves 20-7 last Friday afternoon in the Wolves' Dust Bowl.

The Eagles outweighed the Wolves by a big margin; but they never quit scrapping until the last whistle blew. Accounting for the first touchdown, Herschel Burrus, big tackle for the Eagles, blocked a punt. The Eagles received possession of the ball on the Wolves 25-yard line. The whole Eagle backfield brought the ball into scoring position where "Bot" Rusk, driving back for the Eagles, crossed the goal for a touchdown. The extra point was made good by Drummond.

Five Yard Penalty

Dalhart received the kick. Fox took the ball to the 6-yard line, where Canyon gained posession of the pigskin. The Eagles received a 5-yard penalty, the ball resting on their own one-yard line. Rusk turned on the heat and carried the ball to the 20-yard line, taking five Wolves to stop him. The Eagle backs again took the ball, without much opposition, to the Wolves' 25- yard line. Rusk on an end run went over untouched, Butler making it possible by laying a hard block into one of the nearest Wolves. The extra point was no good. The second half of the ball game, the Eagles kicked, the Wolves re-kicked, and the Eagles failed to make ten in four, and kicked again. The Wolves took the ball on the Eagles' 45-yard line.

Wolves Score

Fox, the Wolves' best ball-carrier, and Stout, plunged the ball to the 15 yard line. The touchdown play was a pass to Stout, who went over for their first score. The extra point was good.

The Wolves kicked out of bounds on the Eagles' 30 yard line. Quarterback Drummond opened another can of powerhouse plays, and Joe Gill, "Bot" Rusk, and D. A. Butler carried them with great success. Reaching the 30 yard line, Rusk took the pigskin, and on a sweeping end run, with plenty of good blocking, went over for six more points. Drummond's kick was good, making the final score 20-7 for the Eagles.

Military Program Given Mothers

The annual Mother-Daughter banquet was held Wednesday evening, Nov. 4, in the high school gym. A military motif was carried out in decorations and program.

Upon the arrival of the many mothers and some few guests, there was an introduction. Each girl introduced her mother or guest.

There was a short program. Mildred Shuman, president of the Home Economics Club, gave the welcome. The response was given by Mrs. W. T. Davis. a poem, "The Battle Field," by Marielle Oldham, a song, "When Did You Leave Heaven?" by Edrie McNeil, a dialogue by Lillian Chambers and Jean Slack, and an accordian solo by Lola May Howard of the college completed the program.

The menu was served family style.

"Superstition Pays," Says Pep Squad

Are the pep squad girls superstitious or not? Well, they may not be, but just the same the rabbit's foot seems to work.

"Here, do you want to kiss the rabbit's foot?" asked Billy Greenfield several times at the last two games. After each game, Billy passed her magic token around and everyone kissed it. Of course this helped, because the Eagles won both games. Besides kissing the rabbit's foot, the peppers crossed their fingers each time the Eagles were in a hard position.

After all, it must pay to be superstitious!

DICKEY TALKS ON "SIN" TO ASSEMBLY

The Rev. Charles Dickey, pastor of the Presbyterian Church, addressed the student body in assembly Wednesday afternoon on the subject of "Sin."

Three "sins" that he brought out were "singe," "sense," and "sincere." "Singe" is the burning of the inside of a person, the heart and the soul. "Sense" is just plain common sense.

Many people do not really know the real meaning of "sincere," his last point. In it's original Latin form, "sincere," is meant "without wax." Mr. Dickie explained that Roman builders filled cracks in marble with wax, until finally the words "sincere" were included in contracts. Thus the word "sincere" has its present meaning.

Eaglettes Play Union Hill On Home Court Tonight

EAGLETTES PLAY FIRST GAME IN GRADE SCHOOL GYMNASIUM TONIGHT AT 8 O'CLOCK

The Eaglettes, girls' basketball team, will play the Union Hill team this evening at 8 o'clock in the grade school gymnasium. The game is scheduled as a pre-season game to add a little experience and to help smooth out the wrinkles in the Eaglettes' teamwork. The game will show what combinations of players will probably represent Canyon High School in the coming basketball season.

Union Hill has defeated Tulia three games so far, and Tulia has defeated Happy; so the game will show how Canyon compares with the two above-mentioned teams.

The starting line-up is not known; but the girls who will probably see service are Captain Mary Collins, Billy Greenfield, Natalie Flesher, Mavis Harden, Dell Bagley, Wanda Brock, Kate Donnell, Renna Beth Bellah, and Edrie McNeil.

DO YOUR PART!

Have you joined the Red Cross this year?

The National Red Cross has been and still is one of the most active and successful of all organizations for helping the needy. Its many units have provided untold relief and comfort for the hungry, the homeless, the sick, the needy, the old, and the discouraged.

Imagine feeding 139,000 families or 550,000 persons. Of course, no single individual could perform this task, but the Red Cross did just that last year in flood-stricken districts of seventeen states. To make facts more vivid, imagine feeding a town 160 times as large as Canyon; yet the Red Cross did that during the past year. A flood season that was the most destructive and widespread in many years called upon this national relief organization constantly for active and necessary relief measures in feeding, clothing, housing, and giving medical aid to the thousands of isolated peoples.

Red Cross In Texas

Our own state has reason to be grateful to the Red Cross this year as well as in past times. Raging floods on the Rio Grande, Brazos, and Concho Rivers spread death and destruction in their wake. The Red Cross never failed to heed instantly the call of the distressed regions.

Tornadoes are another destructive force that spreads panic and ruin throughout the nation. Red Cross workers are always among the first to the rescue of the discouraged and wounded people.

The Red Cross is still remembered for the valient service it rendered in the world war. It was among the most active and useful organizations in caring for the wounded.

Red Cross Help Flood Areas

During 1935-36, the Red Cross spent $6,178,106.15 in rescuing and helping victims in the flood areas. It expended $874,858.10 in territories ravaged by tornadoes, making a grand total of $7,052,964.25 spent for the aid of the unfortunate.

Why not join now? Be among the first to answer Roll Call, held Nov. 11 to 26. Help your local chapter and the national organization to carry on nation-wide works of mercy and relief.

Mrs. Ray Campbell is local Roll Call chairman. Join now, and have the satisfaction of knowing that your membership dollar helps support services given to the public in disaster, health work, safety programs, civilian home relief, aid to veterans and men now in the regular armed forces, to children through the Junior Red Cross, and to the world through the League of Red Cross Societies.

Mary Collins spent Sunday in Claude.

Ed Gidden and Douglas Brasuel visited in Tulia Sunday evening.

Students of Music Teacher Present Piano Recital

Students of the music department of the Canyon Public Schools were presented in a piano recital last Monday evening in the high school auditorium. Mrs. Lee Foster is teacher of music in the schools. The following pupils appeared on the program:

Jane Campbell, Mary Ann Bellah, Ben Carolyn Dunaway, Billie Marie Money Ann Crawford, Carlene Scott, Frances Alice Harp, Ellen Sanders, Virginia Shrader, Claudine Foster, Leroy Wooten, H. R. Fulton, Jr., Thomas Harold Thompson, Barbara Michael, Jack Bryan, Martha Lee Foster, Martha Jane Dowd, Beulah Hammond, Mary Carolyn Black, Anita Davis, Anna Lee Newlin, Doris Marie Ball.

Myriel McClendon, Edith Neff, Dorothy Heath, Lucile Davis, Helen Hurst, Nora Lee Brazil, Fern Walters, Billie Davis, Mavis Hardin, Martha Frances Campbell, Martha Jo Newlin, Renna Beth Bellah, Bernard Warren, Hudson Prichard, Jr.

Eastus Tells of Experience

"The most exciting time in my life was when I made the Wah Wahtaipee Drum Corps," said Miss Annie Ruth Eastus, teacher of reading in the elementary school, and drum corps and pep squad sponsor.

She played in the McMurry College drum corps for four years. When Miss Eastus was a junior, she was upper-classman queen, and was class favorite in her senior year. Her major was English.

Miss Eastus attended Abilene High School. She was among the beginners of the "Abilene High Battery," and was feature editor of that publication.

Journalism and writing are her hobbies. She was a reporter on the "Abilene Reporter News," a daily newspaper, during the summer, beginning when she was a sophomore in high school.

"They usually gave me weddings and funerals to write up," she declared.

Miss Eastus likes chocolate pie, her favorite color is blue, and she dislikes mathematics.

SAFETY FIRST, "DO IT NOW"

"Oh, I'll do it tomorrow."

This is a typical sentence heard on the campus. Putting work off is simply human and should be guarded against.

Neglecting studies is the easiest method to follow, not only for the time being, but it is the easiest way to bungle your work into a royal mess that can hardly be mended in all the months to follow.

Midsummer will be a mad scramble, but it offers a good chance to catch up and start anew, doing daily work as it comes along.

"To get things done an ounce of faith is worth a ton of experience and faith is the peculiar elixir of youth."—T. C. U. Skiff.

"GUIDANCE" IS TOPIC OF STUDY CLUB

The topic which the Faculty Study Club will discuss at 7:30 o'clock this evening is "Guidance: Tests and Measurements."

The speakers are Messrs. Milton Morris and H. G. Moore. Miss Mattie Jordan will preside as chairman.

The meeting will be held in the Home Economics room. Mrs. T. W. Collins is chairman of the refreshment committee, assisted by Mrs. Isabel Cousins and Miss Grace Clark.

History Class Has Special Program

In observance of American Education Week and Armistice Day, the World History class taught by Miss Jewell Foster had a special class program during class Monday. Topics that were discussed were the history of the schools in America, in Canyon, and in Texas; the history of the college and the adult college; the history of American Education Week; the comparison of our parents' school with ours of today; and the opinions of five citizens, two ministers, and two coaches on our school.

For Armistice, the topics discussed were the meaning of Armistice; what President Roosevelt thinks of war; causes of war; and has Mussolini chosen his successor.

Cook Gives School Background

The background of the Public School System was the subject discussed by Dr. Harris M. Cook, dean of men at the College, before the student body Monday morning, Nov. 9, as the first official observance of National Education Week. He traced the history of school from the Latin Grammar School, to the present modern high school.

Mr. John B. Pope, principal of the high school, addressed the student body Tuesday morning, Nov. 10, on the new curriculum plan and its affect on education.

Sunday, Nov. 17, education and its effect on character will be discussed by all pastors of churches of Canyon.

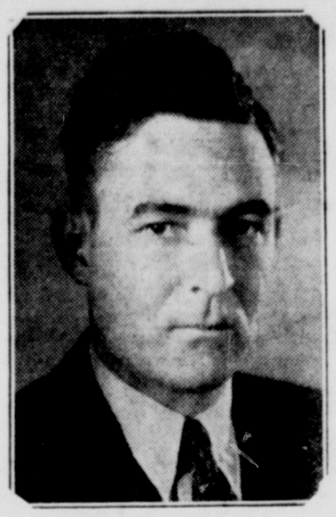
Ex-Students Elect New Officers At Banquet



Mr. Clarence Thompson, graduate of 1913 and active in civic affairs, is new president of Canyon High School Ex-Student Association.

THE EX-STUDENTS' BANQUET CIRCUS WAS HELD IN THE BASEMENT OF THE PRESBYTERIAN CHURCH LAST FRIDAY NIGHT

Amid gay laughter and the happy voices of old-time school mates, the ex-students of Canyon High School gathered for the "circus" in the basement of the Presbyterian Church last Friday evening, Nov. 6, for the annual banquet.

Clarence Thompson has been elected president for the coming year. Newton Harrell is vice-president, and Mary Ella Davis, secretary.

Slack Called Banquet to Order

Amid baloons, horns, and all circus equipment, Judge Burney Slack, president of the Ex-Student Association, called the banquet to order and introduced Charles Donnell, ringmaster, who took charge of the program.

A welcome to the ex-students was given by Superintendent I. B. Carruth.

"The Whippoorwill," by Stephen Vincent Benet, was read by Mr. H. G. Moore. Mr. Gerald Beck gave a reading on all kinds of diseases.

Ex-Student Tapped

A tap dance was given by Mabel Schmitz, ex-student of 1935. Three clowns, Jackie Brian, Gordon Lynn Dickerson, and W. J. Wooten sang a parady on "The Man on the Flying Trapeze."

The ex-students were introduced as to classes, beginning with 1910. A description and the outstanding points of each class were given.

The banquet was concluded with the school song.

All Aboard Thats Going Aboard, Hop On

"All trains going north on Track Nine. All trains going south on Track Eighteen. All aboard that's going aboard."

Well, it happens that all of the Canyon high school pupils had to take one train. Of course they could get off anywhere they wanted to, but they had to catch ONE train at least. The train schedule for the first and second periods is:

1. Mr. Brown—North Pole train. End of line.
2. Miss Grace Clark—Equator; get off when it gets too hot.
3. Miss Jewell Foster—Near the Equator; get off in Mexico or Central America.

These are just a few of the teachers rooms that are just a little too warm or a little too chilly.

Teachers, beware! There may be a strike or two by the pupils, or they may do as Lil Abner's friend did when he got cold. If you don't know what he did, read your funnies.

Gridiron Gossip

By Bulldog

Jack Middleton sat on the sideline Friday and watched the Eagles trounce Dalhart. The team was really glad to see him back on the field, if not in a suit.

"Bot" Rusk has got another name now. The pep squad has dubbed him the "Touchdown King." He just made three touchdowns against Dalhart. Prentice McKee just laughed and laughed. A pep squad girl, very curious, asked him what was wrong with him. He said, "Oh; they just give old "Bot" the ball and he runs across the goal line with it. And he just kept on laughing.

The Dalhart game was dedicated by the team to Herschel Burrus, tackle. Herschel played in the last half of the Tulia game against the doctor's orders, and then came back to play the Happy game with two ribs sprung.

"Dodo" Brasuel turns red in the face every time anyone mentions chocolate candy, especially when Coach Hutto mentions it. Of course, no one knows why, but it is interesting to watch Dodo's face change color very, very rapidly.

SPANISH CLUB HAS TWO MEETINGS

"La Tertulia," the Spanish Club, met Friday, Oct. 30, in a short meeting in the Spanish classroom. The following members took part on the program: Dinsmore Mickle explained the meaning of the colors and the emblems of some of the Pan-American flags, using small flags as illustrations; Eugene Newberry gave "The Story of Murillo"; and the entire class sang a Spanish song.

The following members have been announced to give the program of the club this week: Billy Black will give the story of "The Coast Civilization of Ancient Peru"; Joe Harry Roberts will give a guitar solo; and "Flags" will be the topic of a talk by Alta Fly. Mildred Tucker and Annie Mae Spencer will give a vocal duet, while Zella Laughery will present a piano solo. Sarah Thompson will discuss "Chili Nature Music"; and the entire class will sing "Velas Rojas" ("Red Sails in the Sunset"), "Ramona," and other songs.

Most Students Of C. H. S. Have Hobbies

Almost every student in Canyon High School has a hobby that takes up his spare time besides aiding him in some line of work. Here are a few of them, the result of thumbnail interviews by a journalistic student.

Kate Donnell has a very good hobby that should interest some boys. It is cooking.

Mary Bourn, Sweetie McNeil, and Mary Horn are horse-back riding fans, while Barnett Ball represents the male class in that field.

There are several piano players in existence; for instance, Marie O'Donald, Zella Laughery, and Marielle Oldham.

Mr. Moore is a faculty representative in this hobby business, having the writing of poetry and fiction and collecting stamps for his hobbies. Mary Collins also writes when and what her feelings dictate, while Mildred Shuman collects stamps.

Sport fans are Earl Brooks, Tommie Butler, and D. A. Butler, while C. L. Drummond reads every sports page he can get his hands on. Jack Middleton considers football a hobby now, but he intends to be a football coach later.

Coach Hutto's hobby is to travel and see the world.

Sherman Higdon builds model airplanes and reads all aviation magazines with aviation his ambition.

Scrap books are a favorite. Hardene Rogge and Mary Jo Avent are especially deft in this art.

Followers of Fred Astaire and Ginger Rogers are especially numerous: Fat Childers, Martha Jo Newlin, Renna Beth Bellah and Betty Ruth Solomon having the dance craze.

These are only a few of the many who have hobbies but they represent most of the different ones. What is yours? If you don't have one, try to develop one; it promises fun and profit in the way or personal development at the same time.

Modern Romeo Trains Juliet New?

I have heard of animal trainers, all the way from flea trainers to lion trainers; but a girl trainer is a new one on me.

If you want an autograph of the world's champion girl trainer, all you have to do is see Luke Miller. At noon he takes her by her house and goes home to eat his lunch and then returns back to her sidewalk and whistles. What happens? She runs out of the door and joins him at the sidewalk and they walk merrily on toward the brick place of learning.

A few days ago this reporter walked by her house just before Luke arrived and whistled, but no one came to the door. He whistled and she came out to meet him as usual. It must be the technique that makes Luke so good. Gosh! What a hobby!

Scott Downing, senior, visited in Magdalena, N. M., all last week.

Grades On Excursion---Holiday Given

Miss Stella Murrell's second grade went on an excursion Thursday afternoon and observed many interesting facts about nature. The children collected a variety of leaves, seeds, pods and burs. They became interested in this nature study and shellacked the leaves and made a chart with them. They have included fall flowers in their nature study and have planted a variety of buds to observe their growth.

Hereford's pep squad entertained the Canyon football boys, band, pep squad, and faculty Wednesday after the game.

Miss Mattie Jordan, Miss Jewell Foster and Miss Pauline Crittenden entertained the high school faculty Wednesday evening with a bridge party.

The children in Mrs. Stella Murrell's second grade room are now building pens and cages for the wild animals which they have made for the zoo. The cages, which are of screen and apple boxes have been painted green and white. The children are collecting pictures from magazines for an animal scrap book.

Mrs Ola Beason's second grade is making a library for Education Week. They have completed two chairs and a table.

Mrs. T. W. Collins' first grade has started a new unit of work on community life. They are now studying the fireman and the policeman.

A holiday was granted to the public school students on Wednesday, Nov. 11, in honor of Armistice Day. Major E. A. Simpson of Amarillo talked to the general public and the students in the high school auditorium Tuesday afternoon at 3 o'clock. The American Legion had charge of the program.

The pep squad wishes to thank the following people for taking their cars to Dalhart: Mr. Joe Black, Mr. and Mrs. W. E. Mowery, Mrs. Clyde Warwick, Jack Middleton, Billy Sternenberg, Ed Gidden, and John Schramm.

Pauline Moore, senior, entertained a group of her friends Saturday evening at her home near Dawn, celebrating her sixteenth birthday. Those attending from Canyon were Viola Dooley, Wannie and T. V. Thomas, and Charlene Brown. After the group had played games of art gallery, advertisements, earthquake, cross questions and crooked answers, and the bean race. Refreshments of mixed jello and whipped cream and cookies were serxed.

Buffs Outbattle Cowboys In Bitter Cold For 26-0 Victory

Baggett Makes Numerous Substitutions During Melee

Partially retarded by a biting blizzard in their final home stand, the West Texas Buffalo scoring machine pawed with its customary sparkle to virtually paralyze the New Mexico Normal University in Buffalo Stadium, Saturday to race to a 26-0 triumph.

On emphasizing the effectiveness of the sluggish Cowboy assault, the undefeated Buffaloes gave 1,000 shivering supporters assurance of the greatest elevens ever produced at West Texas State. It was the seventh victory of a season that has only been marred by one scoreless deadlock.

Convinced of his club's superiority, Coach Al Baggett opened with his shock troops who played on even terms with the visitors thruout the initial chapter. Frequently the mentors poured substitute after substitute into the melee until the entire squad was given an example of his grid prowess.

The superhuman driving of Dow and Butler, the deadly marksmanship of "Flippin'" Foster Watkins, and the shifty ball toting of Slack and Hayes bewildered the Cowboy defense. The line play of the injured Johnson, tackles Walling and Harp, and center Cullender, mesmerized the Puncher backs as they habitually sifted into their outstretched arms.

New Mexico made a sustained drive in the late moments of the first quarter on a series of gains by backs Dunbar and Osborne. The march bogged down on the Buffalo 20. Dunbar capped the drive when he snared Taylor's pass on the 22 when the first stringers came to the rescue.

Tom Slack, loose jointed Buff back, broke the scoring complex in the second when he slithered across from the 8. The plunging of Dow and a forward to Johnson had placed the leather in scoring territory. Watkins converted.

Dow accounted for the second score early in the last half on a crash from the 7 yard stripe. Watkins had previously hurled a 25-yard pass to Dow to place the ball in that position.

The third score followed in rapid succession when Watkins hurled another to Dow who chugged on to the 10. Butler then relieved Watkins and circled right end behind perfect interference for pay dirt.

Butler received credit for the final score on a plunge from the 4. Watkins and Hayes had carried it to this point on a series of short gains.

The Buffs made another scoring threat in the closing minutes of the first half when Walling blocked Dunbar's punt on the 15. Washington made the recovery. Three running plays were nullified and then Watkins stepped back to heave a pass to Substitute Speer who dropped the pigskin in the end zone.

Bleachers Under Construction At Tennis Courts

With the completion of the concrete bleachers on the east side of Buffalo Field early this week, the seating capacity of the stadium will be increased by approximately 1,000.

Concrete bleachers capable of seating nearly 800 are under construction at the college tennis courts. They will run the length of two courts, and are situated on the west side.

Topping is the only remaining work to be done on the new college drives leading to the main entrance of the Administration Building. The drives are already in condition for topping, and the work is pending arrival of materials. They will be swept with a mechanical sweeper and surfaced with asphalt and crushed rock.

Work on both the bleachers and the drives is by local WPA labor.

W.T. Demonstration School Will Stage Fair Nov. 20-21

An all-school fair, The Autumn Festival, will be presented by the Demonstration School of the college on Friday afternoon and Saturday, Nov. 20 and 21.

The high school division of the school will add a number of outstanding attractions to this year's fair, beside the popular features arranged yearly by the primary and intermediate grades.

The affair, which promises to be one of the most elaborate of its kind, proposes to present a living cross-section of the daily work of the students. Both class and extra-curricular activities will be featured.

In this festival, the Demonstration School aims to acquaint the parents and citizens of Canyon with the work being done by the students. The various features presented have grown directly out of the regular class work and are planned and prepared by the students themselves.

The school has scheduled the fair in an attempt to meet the growing demand for annual school festivities over the state. It will be presented in a manner both educational and entertaining for the benefit of the prospective teachers of the campus and the active teachers of the Panhandle.

The Demonstration School urges superintendents and teachers of the Panhandle to attend and participate.

Read the remarkable record of **GULFPRIDE**

THE WORLD'S FINEST MOTOR OIL

GULFPRIDE'S achievements have never been duplicated by any other motor oil!

The reason? GULFPRIDE alone is made from choice Pennsylvania crude . . . refined *first* to equal the best competitive motor oils . . . and then *further* refined by Gulf's exclusive Alchlor process. It took 15 years' research to develop this amazing oil. Such scientific effort backs each Gulf product.

Drain and refill with GULFPRIDE now. At all Gulf dealers.

(Left) *SEE WHAT HAPPENS* when a mixture of 6 of the best-known Pennsylvania motor oils goes through Gulf's Alchlor process. *20% waste is removed from these already highly refined oils.* That's why GULFPRIDE tops all other Pennsylvania motor oils.

(Right) *EVERY SET* of buyers' specifications for quality motor oil, including those of the U. S. Army and Navy is *exceeded* by GULFPRIDE OIL! No other oil can equal it—because no other oil is 100% pure Pennsylvania *and* refined by the Alchlor process. Get GULFPRIDE—the world's finest motor oil.

EASTERN AIR LINES' Great Silver Fleet has flown more than 26,000,000 passenger-miles during the past six months, using GULFPRIDE OIL *exclusively.* Reason: this oil gives *the lowest cost per mile*—a fact you can confirm in your car.

march on the 11 yard line and the period.

During the intermission pep squads of both schools, both bands and the Canyon drum corps performed on the field.

Hereford staged a drive in the opening of the third period which looked like a certain score, but midway in the period Hill intercepted the pass, running almost the entire length of the field.

Hereford received the kick-off but punted, and Canyon started a march down the field which resulted in the last score of the game when Gill went over early in the last quarter. Goal was kicked on both the second and third touchdowns.

Hereford received and started a series of short passes which were converted into small gains, but never enough to seriously threaten the Eagles. The game ended near the center of the field with the ball in Hereford's possession.

only undefeated college team in the state.

The Institute has one of the best teams of its history. The Cadets always give the Buffs a real battle, and Saturday will be primed to hang a defeat on the perfect score that the Bisons have maintained throughout the season.

Coach Al Baggett announces all men in the Buff squad in good shape and ready to go into Saturday's game determined to win. Johnson was the only man seriously injured in Saturday's game, but will be back in fighting trim by Saturday.

Word from Roswell yesterday indicated that all of the Cadets are back in uniform, and that the team will be the strongest that has been put on the field of battle this season.

Mrs. Leona Roffey King and Miss Audrey Vern Anderson of Magdalena visited relatives and friends here over the week end.

Education Week

(Continued from page one)

Among school children, more accidents occur in the homes than on the school grounds, or in the school buildings.

There are 4,500 fatal accidents on the farms annually. Of this number 9% are caused by falls; 9% by vehicles; 29% by machinery; 22% by animals; 10% by excessive heat; 6% by lightning.

The Red Cross is attempting to do away with many of the causes of accidents.

Guy Harp, chairman of the Randall County Red Cross Chapter, announced that the annual Roll Call would be held Friday and Saturday. Mrs. Ray Campbell will conduct the roll call. Miss Ruth Cross will direct the campaign in W. T.

A large percent of the funds collected will be used for work among local children, stated Mr. Harp.

Mr. Carruth then introduced Gordon Beck who announced a short program in connection with the 15th annual Education Week. Children of the sixth grade presented various phases of the development of the educational system in this country. In closing, all parents and friends of the schools were urged to visit the schools this week.

Emil Hutto and Charles Donnell were introduced as new members of the Rotary Club. Joe Hill welcomed the new members and explained to them some of the aims of Rotary.

Clyde Warwick announced the special train which is being sponsored to run to Roswell Saturday for the football game.

President Harry Brown read a short artice on Armistice Day and what it meant to ex-service men.

Visitors present were: O. W. Wright, Ben Anderson and Louis F. Hoarel of Amarillo; Miss Ruth Cross, Guy Harp and Gordon Beck of Canyon.

'Looking Forward'—the President

Winner of the greatest popular and electoral vote of confidence a people ever gave a president of the United States, Franklin D. Roosevelt took his news of victory calmly and appeared, said close friends at Hyde Park, unusually grave. The president is pictured here in his study at his home on the Hudson—a characteristic pose "Looking Forward," as it were.
